

Welcome to the view from the top

Experience the high of living in the tallest building around.

You stand tall and proud. And it is for you that we have created Ireo Victory Valley –the tallest residential complex in this part of the world. An iconic structure of unprecedented height, it promises to become a new landmark – not just in the city, but the entire region. And, that's why, a home in Ireo Victory Valley will be the one that truly complements your accomplishments.

Sprawled over 25 acres that overlook the rolling Aravalis to the south, Ireo Victory Valley stands as an enchanting necklace-like arrangement of homes. Located in Sector 67, Gurgaon, this landmark complex is set to become just the type of city centre that a fast developing metropolis like Gurgaon is seeking.

Rise high

Up and above the rest is where you'll be, when you live at Ireo Victory Valley. With the tallest of its three high-rise towers being a record 51 floors tall, the luxury of living in the clouds affords a breathtaking view of the skyline and everything in between. So, be prepared for an inexhaustible supply of beautiful sights-see the horizon curve and watch the landscape transform with the seasons.

Furthermore, tall buildings command a premium the world over, precisely due to the exclusive experiences that such novel heights offer. The view is simply worth it. And this is why, whatever your view, this is one investment you will look forward to.

Everyone has a view

A great view in every direction from every floor.

Ireo Victory Valley is more than just breathtaking views from great heights. We have made sure a spectacular visual feast meets your eyes in every direction, from every floor. At the heart of this necklace-shaped complex is a carefully crafted and multi-tiered 7.4 acre, central valley. This valley has been intricately designed through an innovative combination of vertical and horizontal landscaping. Furthermore, there are terrace-gardens, balconies with planter-boxes and trees on pedestals to collectively foster a calm and green aura for every home. This aesthetic sense of beauty makes its presence felt right from the entrance of the complex, which has an alluring forest-like aura and a canopied arrangement of trees.

Crafting the central “Valley”

The “Valley” is the essence of the complex. Made up of horizontal and vertical greenery, the exquisite landscaping of this valley - with gardens and water bodies and its grand scale, will invite nothing less than openmouthed awe from onlookers. The 7.4 acre central gardens include eight thematically distinct zones, each with its unique character defined by the sculptures, plants and water features placed there. Whatever your tastes may be, there is something to suit every mood.

The eight themed valley

The Valley of the Palms and Pots has 100 palm trees and several decorative potted plants to foster a meditative environment.

The Theater Plaza is an outdoor extension of the Clubhouse and can be used for hosting exhibitions and performances.

Play Hills are grassy knolls that allow children to play freely without you having to worry about their well-being.

Wave Valley is a dense bamboo forest that's aquatically themed with a zen-like vibe and is ideal for relaxation.

The 3.2 Km Fitness Trail is a jogging and walking track that has distance markers at regular intervals and foot therapy lounges along the way.

Indian Jhulas are evocative of swings in the ancient royal gardens. They are ideal for relaxation and socializing.

Private gardens connect seamlessly with the central greens in a terraced valley-like formation.

Beach-scaping around the central pool recreates the ambience of a holiday beach resort, complete with white sand, lounges and sun umbrellas.

The high life

Duplex Apartments

We don't believe in a trade-off between luxury and space. You deserve the full package, and so the higher floors all boast duplex-sized homes. The lofty heights of the ceilings allow these homes to be luxuriously spacious, while the king-sized windows not only serve to foster a feeling of openness but also offer a panoramic view of the outdoors.

3-side-open Apartments

Enjoy picture-perfect views of everything around your home with these 3-side-open apartments. The natural sources of sunlight, ventilation and an expansive view offers a feeling of being outdoors from the comfort of the indoors.

Villa-like Apartments

At 10 feet high, our ceilings may as well be the sky, which is your limit. With the amount of space on offer in this unique mega-apartment, you may as well call it a villa.

Floor to Ceiling Windows

When you've got it all, you should be able to see it all. So, with that in mind, we made our windows floor to ceiling in height, allowing you to have an unobstructed panoramic view of the beautiful surroundings around your home.

Extra Spacious Balconies

Our Balconies are designed to be spacious extensions of your home. Sip your morning coffee or evening wine, stand and take in the view or entertain friends with charming planter boxes on all sides.

Intelligent Hot & Cold Air Conditioning

All the homes have pre-installed air conditioning systems that are adaptive with temperature and the seasons. This novel technology is able to minimize noise and vibration while in operation to give you a silent and efficient way of maintaining a comfortable temperature in your home.

Live it up

Ireo Victory Valley has two clubhouses which together make up a palatial recreational complex. The range of facilities on offer in this complex includes racquet sports, billiards rooms, bridge rooms, a spa and a gymnasium and dining areas as well as a barbeque pit.

A unique highlight is the Action Cricket facility, where an exciting, fast-paced form of the game can be played within a netted area. Fast becoming a rage in South Africa and Australia, it involves participation from teams of up to 8 players.

The swimming pool has been designed in the style of a holiday beach resort, complete with sand, resting lounges and sun umbrellas. Other recreational facilities include a theatre plaza for hosting performances and a 3.2 km. long, distance-marked jogging trail extending round the periphery of the complex.

Up on Cloud 9

A special attraction will be the 'Cloud 9', a viewing gallery that rests atop the tallest tower and offers a panoramic outlook of the city below. Cloud 9 will also double up as a rooftop party area that can be booked by any resident of Ireo Victory Valley.

Top-of-the-line Infrastructure

Our **high speed, mega sized elevator cars** are not only huge but they also get you to the top in the blink of an eye.

The **state-of-the-art security systems** such as closed-circuit-television (CCTV), swipe-access systems and regular patrolling guards ensure that no unauthorized entry takes place.

We ensure your power is dictated by your needs. With **100% power back-up**, voltage fluctuations and power spikes are hassles you do not have to face.

All resident parking spaces are underground. The **large basement parking** allows for increased green spaces, and also makes the complex more pedestrian friendly.

Walls with Aluminum formwork, use specially fabricated aluminum to construct the buildings so as to offer you much better quality of finish. This unique engineering feature also ensures matchless standards of safety against fire and earth-quake hazards.

Safety engineering at Ireo Victory Valley is planned in collaboration with an international team of architects and engineers. The complex has been designed to withstand seismic fluctuations and adhere to fire safety guidelines.
