# Emerald Floors SELECT at Emerald Hills. Style and elegance find a new home.

The Spanish style employs details that have their origin in the Iberian peninsula. Simple massing and pitched roofs are hallmarks of this architecture. Earth-tones, ranging from red to brown highlight the barrel-tile roof material. Stark, almost white stucco walls, stand as the backdrop for the playfully refined details found around doors and windows. Step indoors and you'll find the same attention to detail. The choice of materials coupled with thoughtful, spacious design and superior workmanship, as well as the exceptional comfort give you a home that will surpass all your expectations
